

# Allianz renewable energy fund prospectus

Allianz Global Investors today announces the launch of the Allianz Impact Investment Fund (AIIF), its first multi asset private market impact fund. The fund aims to leverage the potential of the rapidly expanding impact investing sector, worth 502bn USD globally, by putting institutional investor capital to work in projects which generate measureable, positive ...

**THE RENEWABLE ENERGY AND HYDROGEN JOBS FUND** At the core of the Queensland Jobs Fund, a AUD\$2 billion Renewable Energy and Hydrogen Jobs Fund is helping power transformation. The fund will consider investment proposals that support additional renewable energy generation and storage capacity in Queensland,

The Allianz transition plan includes a commitment to achieve 150% profitable growth in revenues from renewable energy and low-carbon technology solutions in the commercial insurance segment by 2030 versus 2022. Allianz is already a leading insurer of solar photovoltaic and wind farms, both onshore and offshore.

More specifically, fossil fuels" decline would see the phasing out of coal and a reduction of up to 80% in oil consumption. Solar and wind energy would be the driving forces behind the expansion of renewable energy, growing respectively by 20 and 10 times from 2020 levels and, ultimately, accounting for more than half of renewables (see Exhibit 3).

# Allianz renewable energy fund prospectus

Most renewable energy investment flows will go to solar photovoltaic and wind in the key markets of China, Europe, and the US. However, there needs to be greater allocation to developing markets - Africa accounted for a mere 1% of new renewable energy capacity installations globally last year. The private sector has a major role to play.

Global Investors. With offices in Munich, London, Luxembourg, New York and Singapore, Allianz Capital Partners manages more than EUR 34 billion of alternative assets on behalf of Allianz Group and institutional investors.\* Our investment focus is on private equity, infrastructure and renewable energy.

Allianz Group is adapting its guidelines to pragmatically provide insurance and investment in renewable energy projects. The changes aim to support and speed up the transition of energy companies, particularly in Asia and Eastern Europe, where the adaptation from coal to renewables is difficult and less advanced than in Europe or the United States.
