The link to Coleman 100 Watt Crystalline Solar Panel with 8.5 Amp Charge Controller and 300 Watt Inverter has been copied Features

A 40-watt solar panel is just an accessory to help you conserve main battery power. It is a useful tool, not the primary power source unless you are really roughing it and cooking outside over a campfire. Also, it is a good backup power source when your main battery runs out and you still need lights and a little water, etc.

Why I Swear by Coleman 100 Watt Solar Panel . As an avid camper and outdoor enthusiast, I always make sure to have a reliable source of energy wherever I go. You may not be able to recharge your battery with a 40-watt solar panel, but you certainly can keep the power in the battery in reserve. When emergencies take place, you will have the power there waiting to be used instead of being used up earlier in the week. Then, the solar panel is good for keeping lights lit at night.

Harness the power of the sun with the Coleman 40 Watt, 12V Portable Folding Solar Panel. This convenient Coleman solar panel easily sets up anywhere with its built-in kickstand and plugs into your RV, cabin, or any 12V b.
