Vertiv Liebert Battery Backup Simulated Sine Wave (UPS) Bundle - PSA5 1000VA / 600W Tower - PST5 660VA / 400W Desktop PSA5 1000VA/600W with 10 Surge-Protected Outlets (5 Battery) Dual USB Charging Ports (2.1A Total) PST5 660VA/400W with 8 Surge-Protected Outlets (4 Battery) 6 Foot Power Cord 3-Year Warranty

The APC BR1500G Backup Battery is pretty large in terms of size. It has five battery backup and surge-protected outlets and another set of five outlets with only surge protection, for a total of ten. However, there are no USB ports to plug in your phone directly. There's also a small backlit LCD that shows plenty of information at a glance.

The replacement (current) model is CyberPower CP1500PFCLCD which is also a pure sine wave output model that has updated capabilities and sells for not much more. It would be far preferable if Costco took steps to sell *current* product. Or, at least identify on the product page that a given electronic product is discontinued and is on clearance.
