With a presence in 47 markets globally, Fluence provides an ecosystem of offerings to drive the clean energy transition, including modular, scalable energy storage products, comprehensive service offerings, and the Fluence ...

Wind energy is the smallest employment sector in the energy industry, though it's a reasonable bet that wind will surpass coal in the near future. Grid jobs employ over 800,000 people who plan, build, and maintain the nation's electricity network; this is a massive sector and one that's frequently overlooked.
