We look for solar companies with owners who understand that when they sell you a solar system, you expect them to be there for the next 25 years to fix any issues that may arise. Here are the top companies we recommend for solar in California: Best solar installers in California. Best solar companies for home battery installations in California

Next Steps for Installing Solar in Lincoln. You can qualify for solar incentives from the California government and the federal government, as well as from your local utility company. The growing availability of solar initiatives over the last 15 years has helped greatly increase nationwide adoption of solar energy.

The following solar incentives are accessible to California residents, as listed in DSIRE: For projects 30 kW or larger, 50% of incentive will be received up-front; 50% will be received based on actual kWh production over the first 5 years.
