[20] Trina Solar does nothing to disturb this conclusion; thus, a parent company or other third party may still be liable for damages awarded pursuant to an arbitration award even if that entity is a non-signatory to the arbitration agreement and not a ...

Many residential solar companies have arbitration clauses that require you to use consumer arbitration rather than go to court. If you have an arbitration clause in your contract, you won't be able to sue solar companies in state and federal courts. With arbitration, you and the solar company provide information to a neutral third-party arbitrator.

Sunrun Inc. is an American provider of photovoltaic systems and battery energy storage products, primarily for residential customers. The company was established in 2007 and is headquartered in San Francisco, California. Since its inception, the company has focused primarily on a power purchase agreement (PPA) business model where Sunrun installs and maintains a solar ...

It's important to note that some solar companies may have clauses in their contracts requiring disputes be resolved through arbitration rather than litigation. Before signing any contract with a solar company, make sure you understand the terms of dispute resolution.

In April 2022, the Minnesota AG filed a lawsuit against Utah-based solar companies, lenders and company executives, for telling "consumers they were automatically eligible for tax credits when they weren't . . . [and] [w]hen consumers tried to get out of these contracts, the companies threatened them with lawsuits and exorbitant termination fees."

Key Takeaways. SunPower was our pick for best overall solar company, but it recently announced that it's filing for Chapter 11 bankruptcy and is selling parts of its business - including Blue ...
