While many customers have enjoyed access to one or both accounts, they will no longer have access to the MySolarCity Account and App in the coming months. All MySolarCity accounts will remain active until August 15, 2019. Learn more about the changes, improvements and other support resources starting today. I currently have a MySolarCity account.

Terrible customer service. Terrible customer service. My solar didnt work for 3 months yet I still had to make a lease payment. They wouldnt allow me to speak to a supervisor either. They told me if I dont meet a minimum in 2 years they will pay me the difference. In the mean time I owe the electric company over 400

Solarcity customer service

dollars.

Solarcity's customer service made everything from signing the contract to learning how my system works super easy. They're really good at keeping you informed and in the loop. I wasn't entirely sure about going solar, but it's been pretty painless, thanks to their staff and technicians. Everything's up and running now, and I'm ...

As the reviews above show, overall Sunrun provides better customer service than SolarCity. However, if you've got a friend or family member that is positively raving about their experience with a local SolarCity branch, go for it! As we said, each branch is different and can provide vastly different experiences.

Worst customer service, some uneducated staff at call centre named Aseem. I said am not happy with the service, can i talk to someone so i can get rid of the panels and the solar system, That "A H" put me on hold for more than 20 minutes and he came back and said manager is busy and will call me back. ... Solar City has yet to send anybody out ...

As we've seen, SolarCity has its fair share of issues. Homeowners have reported shady sales practices and poor customer service. The company is swimming in debt. No one really even knows what the future of the company looks like. But still, SolarCity is in good company, as other big solar installers are seeing the same issues.

Phone : (855) 860-7652. Featured Reviews. Dennis - Sacramento. Solarcity's customer service made everything from signing the contract to learning how my system works super easy. ...

Call the customer service line. Tell them you need someone other than the rep. They can elevate the case. You'll find out that the standard line is 3-5 days someone will call you but in reality no one will call you back. Wait the three days and call customer service again, tell them you haven't heard anything and need to elevate the case.

A number of SolarCity's negative reviews raised the company's unsatisfactory customer service and the unreasonable pricing on products offered during the later years of the company. Many of the clients who criticized the company cited issues with unresponsiveness to email and phone queries, as well as slow and incorrect installations in ...

Check out Yelp! Yelp allows users to review their specific SolarCity branch instead of simply leaving a review on the company in general. This is great for you, as you can look for common praise or complaints from actual homeowners working with the same SolarCity employees you'll likely work with.

Here's a review from a Consumer Affairs user praising SolarCity for their customer service: I truly appreciate the attention to detail shown by the SolarCity system installers, as well as the concierge service, making any number of call to answer questions and provide needed information regarding the product. Your service was

Solarcity customer service

excellent.

The rating indicates that most customers are generally dissatisfied. The official website is solarcity . SolarCity is popular for Home Services, Solar Installation. All three of these stories highlight how poorly SolarCity sometimes performs in customer service, leaving customers hanging for weeks on end with serious issues. When you're signing a lease with a company for 20 years, this is not the kind of customer service you want to be stuck with. 5. SolarCity's 20-year lease wasn't always advantageous

29 reviews and 13 photos of SOLARCITY "This review is for the SolarCity branch in Camarillo since there doesn't seem to be a page for that location: My wife and I were interested in getting solar for our house and one of the companies we looked into was Solar City. They sent out a sales Rep Jason Duncan and he met with us to go over our energy bills and solar options.

We'll look at the different methods you can use to contact Tesla Solar's customer service staff for a smooth experience. How Do You Contact Tesla Solar Customer Service? Here's a step-by-step approach to reaching Tesla Solar customer service: 1. Visit Tesla's Support Website . Start by going to Tesla's official support page.

Before going with Solar City I had 2 different companies coming to offer their service and it was roughly 10-12000\$ for the panels (9) to buy and own them + another 11-12000\$ for the battery. As a reference, my neighbours bought (and own) their panels years ago for 12000\$ (no battery) and they pay an average 115\$ /month but they have central ...
