Titan Solar Power had been in negotiations with a potential buyer to point the company in a new direction, however, the negotiations fell through leading Titan to close its doors permanently.

In 2021, Titan Solar Power installed solar panels on my house located at 4735 Lombardy Fire Trail, Katy, Texas. Project # TSP94905. Although the installation was completed, the activation of the panels experienced significant delays that affected me financially, as I was already paying both the financier for the panels and the previous electricity provider.

Titan was the largest solar installer to close its doors when it shut down June 13, according to research firm Wood Mackenzie, but customers like Palmer are not alone in having nonworking panels ...

As an administrative law judge, Allison can't make Titan Solar do anything, but he does have the power to revoke or suspend their license, or to impose fines. Most complaints allege that Titan did not install panels correctly or that the panels do not work well or do not work at all. Titan's statement, delivered through a spokeswoman, reads:
